Agreement Published Date: July 24, 2006
Agreement Period of Performance: March 30, 2016

Agreement Effective July 1, 2007 (six months after SAP Implementation)
General Information

Purpose
The purpose of this Service Level Agreement (SLA) is to establish a cooperative partnership between the Accounts Receivable Shared Service Center and its customers. This SLA will:

- outline services to be offered and working assumptions between the Shared Service Center and its customers;
- quantify and measure service level expectations;
- outline the potential methods used to measure the quality of service provided;
- define mutual requirements and expectations for critical processes and overall performance;
- strengthen communication between shared service providers and its customers.

Vision
The Hopkins’ Shared Service Centers will provide a shared business environment for the Johns Hopkins University and John Hopkins Health System. The new business environment will continuously emphasize service, compliance and productivity to its customers. The primary goals for the service centers include:

- **Integrate** people, processes, and technology to provide a balanced service level to all customers. Create a collaborative environment where trusted relationships and teamwork are encouraged between administration, departments, clinical areas, institutions and suppliers to further Hopkins’ enterprise goals.
- **Leverage** human resources, institutional knowledge, developing skill sets, and technology in an effort to continuously improve service and productivity for all Service Centers. Create an organizational structure that balances strategic and tactical efforts that promote efficiencies.
- **Mitigate** risk to the Hopkins’ enterprise by focusing on compliance requirements and understanding the impact these requirements have on productivity and customer service. Develop an integrated organizational structure that will promote the consistent interpretation and enforcement of policies, procedures, laws and regulations throughout the Enterprise.
**Mission**

Most sponsored and non-sponsored billings will be centralized, with cash receipts going directly to university/health system bank accounts rather than to departments. If the department needs to create an invoice it will be a parked document and reviewed, approved and mailed by the Accounts Receivable Shared Service Center (ARSSC). The Service Center will also monitor, follow-up, and collect open receivables.

**Working Assumptions**

The Accounts Receivable Service Center will be fully staffed and funded.
• **Contacts/Questions/Customer Service**
  - The contact list on the Accounts Receivable Shared Service Center (ARSSC) website contains contact phone numbers and email address for the staff and customer services.
  - Accounts Receivable Shared Services website contains Forms, Policies and Procedures, SAP Roles, Frequently Asked Questions (FAQ), Glossary, Service Level Agreement, and Other Links

**Agreement Administration**

**Terms of Agreement**

This agreement commences on January 1, 2007 with the mutual understanding that modifications may be required over time and the service expectations are effective July 1, 2007. All modifications will be made in the spirit of the original agreement and be reviewed by representatives of the Accounts Receivable Service Center customer base.

**Periodic Quality Reviews**

The Accounts Receivable Service Center and representatives of its customer base will conduct periodic reviews of the Service Center’s performance against service level expectations. The agenda for these reviews should include:

- Service delivery since the last review
- Major deviations from service levels
- Service constraints and dependencies since last review, and planned changes to improve service effectiveness
- The Accounts Receivable Shared Service Center will also regularly assess customer satisfaction and will use the results as a basis for changes to this agreement.

**Service Level Agreement Maintenance**

This Agreement will be reviewed on an ongoing basis and updated. Updates may become necessary due to changing service needs, modifications to existing services, addition of services, or unanticipated events.

**Issue Resolution**

If either the Accounts Receivable Shared Service Center or its customer identifies a substantive breach of responsibility or other problem that requires resolution prior to the next periodic review, both the Service Center management and customer will engage in a joint effort of understanding and rectification of the issue. In the event this remedial effort fails, either party can raise the issue to the JHU Controller or if that fails, the issue will be resolved by the JHU Senior Vice President for Finance and Administration.
