

ISR TYPES: The following ISR types are used to create or update an employee's master data in SAP.

Hiring - Regular	This ISR type is selected to initiate the process for entering a new employee's master data into SAP for all staff and faculty except for Part-time Instructors, Students and CTY Summer Camp employees.		
	01	Reentry into Enterprise	Used when hiring a previous employee who voluntarily decides to return to work for the same Johns Hopkins employer after the period for reinstatement has elapsed. Must have a previous record in SAP.
	02	Administrative Transfer	Used when a Johns Hopkins employee is transferred from one Johns Hopkins employer to another that is driven by a Johns Hopkins business decision to move a position across Johns Hopkins employers. (The original Johns Hopkins employer must submit a Termination ISR on the transferring employee).
	03	Voluntary Transfer	Used when when pay cycle within JHU is being changed (ie from bargaining unit to staff).
	04	Interaffiliate Transfer	Staff was previously employed at one of the affiliated health system entities and accepts a new position with a different affiliated entity; Code not applicable to University hires/transfers. Please see policy under the Policy and Procedures Link.
	05	Hire	This reason code should be used when employee is new to the enterprise; does not have a SAP personnel number; terminated prior to SAP conversion; master data record converted into SAP with the terminated status; and previously added to SAP in a non employee or student position but is now being hired as employee after a break in service.
	06	Reinstatement	This ISR type is selected when a employee who was previously employed with Johns Hopkins is returning to the same Johns Hopkins employer, within the Johns Hopkins employer reinstatement period. The time period for Reinstatement varies by Johns Hopkins entity. After the period for reinstatement has elapsed, a Hire ISR is selected using reason code 01 (Reentry into Enterprise). The employee must already have a SAP personnel number. If this is known by hiring dept, please indicate in comments. If not, a New Hire ISR is selected. Please indicate in the comments if the reason for reinstatement is voluntary (01) or mandatory (02).
	07	JHU Semi Conversion	This code is to be used for individuals with previous weekly assignments that were terminated from 5/1/09 -8/24/09 because all hourly non-bargaining unit staff and students were moved to the semi monthly payroll effective 9/1/09. By using this code: 1) a new I9 will not be required; and 2) direct deposit information, existing tax exemptions and miscellaneous deductions (ie parking, Cooley Center) will be transferred to new personnel number. This code will only be available through the end of 2009.

ISR TYPES: The following ISR types are used to create or update an employee's master data in SAP.

Hiring-CTY Summer Camp	<i>JHU ONLY. This ISR type is selected when an employee is hired for CTY Summer Camp. The ISR is completed to initiate the process for entering a new employee's master data in SAP.</i>
Hiring-Part Time Instructors	<i>JHU ONLY. This ISR type is selected when an employee is hired for an Instructor position in a Part Time Program. The ISR is completed to initiate the process for entering a new employee's master data in SAP.</i>
Hiring-Student/Postdoc/Residents	<i>JHU ONLY. This ISR type is selected when a Medical Resident, Medical Intern, Medical Trainee, Post Doctoral Student, or a Graduate, Undergraduate or Visiting student is hired. It is completed to initiate the process for entering a new employee's master data in SAP.</i>

Employee Reassignment

This ISR type is selected when staff, faculty or student who is currently employed with Johns Hopkins transfers to a new position within the same Johns Hopkins employer. This ISR is used to initiate the process for updating an employee's master data in SAP. Applicable when employee changes from staff/sr staff to faculty or vice versa or when student changes from undergraduate to graduate or medical intern to medical resident, for example. In these cases, it is important to note that the current position is being vacated. **The losing department does not terminate the individual being reassigned.**

	CODE	REASON	DEFINITION
	01	Promotion	Transfer to a higher classification level and/or higher salary range through a requisition or posting. Also applicable for promotions from staff to faculty and progression within the student hierarchy (ie medical intern to medical resident).
	02	Demotion	Transfer to a lower position through a requisition or posting.
	03	Lateral	Transfer to a different position at the same contribution level/pay grade through a requisition or posting.

Termination Action Type (Termination/Retirement ISR)

This action type in the Termination/Retirement ISR is selected when a staff or faculty member leaves Johns Hopkins for reasons other than retirement (separate reason see below) to accept a position with another Johns Hopkins employer (e.g. JHU to JHHS), when changing payroll areas or changing from student status to faculty or staff . The reverse is also true.

	CODE	REASON	DEFINITION
	01	Accepted New Job-Competitor	Accepted New Job-Competitor. For JHU, the department terminating the employee will determine if the employee is leaving to go to a competitor or not.
	02	Accepted New Job-Non Competitor	Accepted New Job-Non Competitor. For JHU, the department terminating the employee will determine if the employee is leaving to go to a competitor or not.
	03	Family Obligations	Resignation due to competing family obligations. No additional explanation of this reason needs to be given.

	02	Part-time Faculty	Part-time Faculty (Instructors) with a new contract returning from a Temporary Inactive status. Part-time Instructors with no active contract will always be Temporarily Inactive.

Bonus / Supplemental Pay

This ISR type is selected when adding various bonus / supplemental payments to the master record of staff, faculty or students. This includes recurring payments, one-time payments or overtime hours to be calculated for semi-monthly, non-exempt employees of JHU. It also is used to reduce the pay of JHU employees who miss 5 or less days of consecutive days of pay. These ISRs are eligible for auto-upload with a few exceptions.

ISR TYPES: The following ISR types are used to create or update an employee's master data in SAP.

<p>Position Attribute Change</p>	<p>This ISR type is submitted to update an employee's record resulting from a change in the attributes of the position held by an employee. Before a Position Attribute Change ISR is submitted, the department must submit a Position Maintain ISR to HR Shared Services, and wait for confirmation from HR Shared Services that the ISR has been approved. The effective date of the position maintain must be effective on a date no greater than the same date of the position attribute change ISR in order for the change to appear in SAP appropriately.</p>		
	<p>CODE</p>	<p>REASON</p>	<p>DEFINITION</p>
	<p>01</p>	<p>Position Reclassification</p>	<p>Changes resulting from the reclassification of a position by Compensation. For JHU, this includes position reclassification that involves a promotion or a demotion to a different contribution level and/or salary range. Also applicable to faculty promotions (ie asst professor to associate professor) and promotions from staff to faculty when the staff position is not being filled.</p>
	<p>02</p>	<p>Position Attribute Change</p>	<p>Use this code for position attribute changes that do not fit any of the other reason codes available.</p>
	<p>03</p>	<p>Change in Work Hours</p>	<p>This reason is used when the change in work hours requires a change in employee group</p>
	<p>04</p>	<p>Advancement</p>	<p>JHHS Employers only. Employee's current position has been upgraded to a higher level, employee has taken on additional duties; position number remains unchanged; and current position is not vacated or filled by another individual</p>
	<p>05</p>	<p>Organizational Transfer</p>	<p>Use this code when an employee is transferred to another area within the same Johns Hopkins employer based on a business decision, org unit or funding change.</p>
	<p>06</p>	<p>CC/IO Change</p>	<p>Used to change cost centers and internal orders on weekly, biweekly and semi hourly employees. Please note that changing funding sources in this way only effects the default funding sources in CATs, Nightingale and Kronos. Changes to the funding source of hours already paid must be done directly in the applicable timekeeping system.</p>
	<p>07</p>	<p>Employee Subgroup Change</p>	<p>The reason code was designed to track when an employee's subgroup changing. Most applicable to individuals changing from hourly to salaried and vice versa on the semi monthly payroll. This code should not be used if changing employee group as well.</p>
<p>Salary Change</p>	<p>This ISR type is selected when the salary of an employee needs to be changed. Completing the ISR will initiate the process necessary to change an employee's salary. The above ISR is eligible for auto upload with a few exceptions: retro semi monthly ISRs; ISRs for staff/faculty/students when a future dated action or infotype 9027 (base pay and labor distribution) is present in master data.</p>		

ISR TYPES: The following ISR types are used to create or update an employee's master data in SAP.

	CODE	REASON	DEFINITION
	1	Annual/Merit Increase	A salary increase based on the annual performance review process. When using this reason code, the task type J1 (Performance Review Annual) on IT19 will be marked completed with the same date as the ISR effective date and one will be created with a date one year from ISR effective date and will be listed as a new task for reporting purposes unless a different date is indicated on the ISR.
	2	Step Increase	Individuals in a step-based compensation program, such as bargaining unit employees, receive increases defined by the increments (steps) in their system. For JHU, this applies only to bargaining unit employees.
	3	General Increase	A salary increase which is not defined by other reasons from this list. Also used to change the pace nurse code.
	4	Equity Adjustment	A salary increase made to correct a pay inequity among employees in comparable positions with comparable qualifications, experience, and performance within the same Johns Hopkins employer. For JHU, this include adjustments given to rectify salary compression.
	5	Compression Adjustment	JHHS Employers only. An increase generated by a compensation review of the clustering of employees within their ranges across an organization.
	7	Adjustment to Minimum	An increase to bring an employee to the minimum of his/her salary range.
	8	Ingrade Adjustment	Adjustment for reasons other than those above which resulted in a salary change within grade. <i>For JHU, this can take the form of an in-range salary adjustment for assuming additional responsibilities and duties or developmental increase <u>within</u> the current job classification. Does not apply to JHHS Employers</i>
	9	Decrease in Pay	Adjustment which reflects a lower rate of pay.
	10	Market Adjustment	A salary increase made to adjust salaries of employees to market competitive levels as appropriate based on employee experience, qualifications, and performance.
	11	Equity and Market Adjustment	Reason used when both an equity and market adjustment are given on the same date
	12	Union Salary Change	Reason code used for salary changes based on a union contract.
	13	No Merit/Annual Review	This reason code is used to indicate when a review was completed but no merit increase was awarded. When using this reason code, the task type J1 (Performance Review task type J1 (Performance Review Annual) on IT19 will be marked completed with the same date as the ISR effective date and will be created with a date one year from ISR effective date for reporting purposes unless a different date is indicated on the ISR.

ISR TYPES: The following ISR types are used to create or update an employee's master data in SAP.

	CODE	REASON	DEFINITION
	14	Lump Sum Merit/Annual Review	This reason code is used to indicate when a review was completed and the merit was awarded in a lump sum because the individual's salary exceeds the pay range. When using this reason code, the task type J1 (Performance Review task type J1 (Performance Review Annual) on IT19 will be marked completed with the same date as the ISR effective date and will be created with a date one year from ISR effective date for reporting purposes unless a different date is indicated on the ISR.

Hours Change	This ISR Type is selected when the weekly working hours change but the employee group remains the same. For JHU semi-monthly employee's paid a salaried amount on the semi monthly pay cycle, the semi monthly pay must change as a result of the change in hours. This is not to be used for salary or rate of pay changes where the employee's total hours per pay period remains unchanged. <i>If the employee group is changing a position maintain, then a position attribute change ISR must be submitted.</i>		
---------------------	--	--	--

Mini Master Regular	This ISR Type is selected when a non-employee is added to the HR Master Data. This process covers all non-employees other than Coeus or Independent Contractors. It is used for entering a new non-employee's master data into the system for the purpose of giving SAP system access. Only unpaid non-employees (not paid through JH Payroll) are recorded on the Mini-Master Regular ISR. This includes agency personnel, doctors with "privileges," and non-employee supervisors.		
----------------------------	--	--	--

Mini Master Coeus	This ISR Type is selected when HR Master Data needs to be entered for an individual who prepares grant applications and is not a Johns Hopkins employee. Coeus is used to prepare and track grant applications. A Master Data record needs to exist in Coeus for that individual to be able to prepare a grant application. SAP is the source record for HR Master Data in Coeus.
